

Sharing Jesus Along the Way

Fritz Wilson, Disaster Relief Director of the Florida Baptist Convention reported today that a two man team has arrived in Port-au-Prince. Dennis Wilbanks and Joseph Gaston are the first from the Florida Convention, which has a 20 year history of ministry in Haiti to enter the country since the quake. Florida Baptist staff have confirmed the death of one of their five Directors of Missions and acknowledge there are still a number of staff unaccounted for since the devastating earthquake struck last Tuesday. Wilbanks and Gaston, in the country to begin the process of developing a response plan had a Divine appointment as they traveled to Haiti. During a conference call with State Convention Disaster Relief Directors on Monday Wilson reported that Gaston had the privilege of leading a woman to Christ while at the airport. Pray for this new believer as she begins her journey of faith.
